

4.1 Introduction

The word "university library" refers to a library that is a fundamental component of a university, an institution of higher learning, where teaching and research are performed in one or more of the arts and sciences and where degrees, diplomas, and certifications can be awarded. A library is primarily a type of service organization. The university library is also. Every effort is being made to provide the library with a functioning building built on modern architectural principles, in its own area at a strategic location. The library serves the intellectual and information needs of all students, professors, researchers, office staff, and other campus communities.

This chapter deals with the profiles of selected State University libraries in Madhya Pradesh. The extensive information is covered in the present research.

4.2 Profiles of the various Government and Private University of Madhya Pradesh

4.2.1 DAVV

Fig. 4.1 : DAVV University, Indore

A leading university in Central India, Devi Ahilya Vishwavidyalaya (DAVV), formerly known as the University of Indore, recently celebrated its 58th year of creation, dedication to education, and services. The First State University of Madhya Pradesh has received "A+" accreditation from NAAC. It was created in 1964 as a result of a Madhya Pradesh legislative act. Seven tribally dominant districts in the Indore division fall under the purview of DAVV, a state university with which it is affiliated. It serves the educational needs of both the tribal and rural backward areas of the State, as well as the most industrially advanced district of MP, Indore. The university serves about 30,000 students annually through highly qualified staff, a variety of course offerings, and cross-disciplinary research. The university provides education that is value-based, has a diverse course structure, employs highly educated human resources, and annually serves about 3,000 students. According to its slogan, "Dhiyo Yonah Prachodayat," the university is dedicated to upholding its vision and goal.

Library profile of DAVV

To accommodate the members' needs for reading material, the Central Library maintains a sizable collection of books. Students from UTD, faculty members, college students, teachers, candidates for competitive exams, as well as members of the broader Indore city public, are all included in the Central Library membership. The Devi Ahilya University is the first college in Madhya Pradesh to begin computerizing its operations and successfully work with INFLIBNET and other national organizations to bolster its resources. Members of the Central Library have access to the catalogue through the campus intranet. The central library database is being connected to departmental libraries. The University Central Library has a built-up area of 30,000 square feet for stacking books, reading rooms, the thesis collection, a section for periodicals, and OPACS.

Library Mission

- To help the institution produce top-notch graduates and postgraduates with exceptional analytical, communication, and team-building abilities as well as the capacity to function in a multicultural context
- To create scientists capable of self-directed learning who can tackle socially relevant research and problem-solving.
- To assist students and faculty in meeting their information needs by offering traditional library services and ICT-enabled services.

4.2.1.1 Digital Library

The following websites offer access to the various published research in electronic format, which are made available by the university through the UGC InfoNET initiative and its own resources:

E-Journals

- EBSCO E-Resources
- IEEE E-Resources

4.2.2.2 Digital Library Services

- [INFLIBNET](#)
- [Rare Books](#)
- [Vyas Channel](#)
- [NPTEL](#)
- [SAKSHAT](#)

4.2.2 Dr. Bhim Rao Ambedkar University of Social sciences, Mhow (MP)

Fig. 4.2 : Bhim Rao Ambedkar University of Social sciences

in line with ACT No. 2 of 2016, which was published on January 13, 2016, in the Madhya Pradesh Gazette (Extraordinary). The first social sciences university in the nation is Dr. B R Ambedkar University of Social Sciences (BRAUSS). For the socioeconomic growth and academic excellence of scheduled castes, scheduled tribes, and other backward groups, the University is a superb illustration of how social sciences perspectives and methodologies may be coupled with scientific and technological innovation. The university encourages higher education, research, extension, and training in the social sciences and related fields, such as Constitution & Democracy, national integration, democratic decentralization, and local self-governance, in order to advance social equality, secularism, women's emancipation, religious tolerance, human dignity, family and child welfare, quality higher education, and economic and social development of underprivileged groups in society. The environment and agrarian development include land ownership and agrarian development, ecological harmony and the connectivity of rivers, agricultural technology and rural crafts, and international collaboration. The Madhya Pradesh governor The Honorable University's Chancellor and Chair of the Governing Body is Shri Mangubhai C. Patel. Professor Asha Shukla chairs the academic and executive

councils in addition to being the vice chancellor of the university. Both the Director of Research, Extension, and Training and the Programme Director for Faculty Capacity Building are Professor D. K. Verma.

4.2.2.1 Department of Library and Information Science

Fig. 4.3 : Building of Bhim Rao Ambedkar University of Social sciences

The Dr. B. R. Ambedkar University of Social Sciences launched its Master of Library and Information Science programme in 2015–16. The University's Mahatma Phule Library houses the School of Studies. Since its foundation, the institution has had a significant impact on the field of information education. The institution offers courses in computer science, mass communication, information technology, and information science at the degree, master's, and doctoral levels. The CBCS serves as the curriculum's cornerstone at the educational institution. According to the university's mission, it also has the responsibility of improving the environment for teaching and learning. Its primary goals are to continuously promote education and research endeavors as well as to make information scientists accessible to society.

4.2.3 Vikram University Ujjain

Fig. 4.4 : Building of Vikram University Ujjain

Fig. 4.5 : Website of Vikram University Ujjain

On March 1st, 1957, the Vikram University Library was founded. On November 11, 1959, the country's first Prime Minister, Pt. Jawaharlal Nehru, formed it. As soon as the library relocated to its present location, its name was changed to Maharaja Jiwaji Rao Library. Since the library's founding, 1,60,856 volumes and 4800 backsets of periodicals have been added. A specific collection on Kalidas, Tulsi, Gandhi, literature on competitive exams, drawings and paintings, and rare volumes may be found in the MJR library. So far, the library has acquired 6049 P.G. dissertations and 1645 Ph.D. theses. 22 bibliographical, current awareness, and service publications have been released by it. The university library provides services to the entire campus reading community, allied colleges, as well as the general public. To keep up with the demands of universities today, the University Press was founded in 1961 with support from the UGC and the State government. Currently, a blend of modern (DTP & Offset printing) and antiquated technology is used (letter press printing). Printing, Composing, Proofreading, Binding, and Office are the five divisions of the press. Along with offering the standard printing supplies including office stationary, test forms, account forms, and ledgers. Scientific, social scientific, and mathematical research journals are also published by the press.

4.2.4 Dr. A.P.J Abdul Kalam University Indore (M.P.)

Fig. 4.6 : A.P.J. Abdul Kalam University, Indore

The Dr. A. P. J. Abdul Kalam University is situated along the manufacturer Indore-Dewas bypass road in a lush green environment. The distance to the Indore railway station is roughly 10 kilometers. It features one of the greatest infrastructures in the state and a sizable campus. All of the department heads and faculty members have extensive expertise and are zealous about educating the students and achieving the objective of giving those outstanding careers and values so they can become responsible citizens. The Society (Ayushmati Education and Social Society) was founded in 2004 under the auspices of Central India Institute of Technology. Since its start, the group has been a role model and a forerunner for other institutions thanks to its strong dedication to excellence in teaching and research. The most rewards and incentives who go on to make significant contributions to their community have long been drawn to the region's rich intellectual legacy. At the Dr. A. P. J. Abdul Kalam

University, excellence in instruction and research in the humanities, social sciences, performing arts, and sports are top priority. The university supports high standards and innovation in academic programmes and encourages excellence in research, scholarship, and teaching. The institution is committed to drawing in and helping the best faculty and students who succeed in both teaching and research.

4.2.4.1 Library

More than 44,321 books and publications of national and international standing are available at the university library. Students can stay up with the most recent international events via news articles, magazines, and the internet in addition to technical updates from the most recent journals. There are three sections in the library:

➤ **Reference Section**

Recent editions of textbooks are kept in this area. Students may borrow one book per Library Identity Card at a time. This area's books and journals are exclusively intended for use in the hallway. This section also contains the question papers from past exams the University has held.

➤ **Leading Section**

In this section, students may check out two textbooks for verification. The typical book loan period for students is one week. If a book is not returned within the allotted period, there is a fine.

➤ **Book Bank Section**

The library offers a Book Bank service for different courses. Through this service, students can obtain a book by making a one-time payment for the book bank and keep the book during the duration of the specific courses. The book must be returned by a specified date at the end of the specific semester. The learner has necessary to purchase a new book or cover the cost of the damaged or lost book.

4.2.5 Malwanchal University, Indore (M.P.)

Fig. 4.7 : Malwanchal University, Indore

The Indore-based Malwanchal University currently has institutes in a wide range of academic and professional sectors. The Malwanchal University was established in 2016 year. Malwanchal University is the gold standard for liberal arts and sciences education. We provide students and professionals interested in a career in the humanities, technical sciences, and other relevant fields with knowledge, training, and experience of the highest calibre. In order to do this, we are dedicated to establishing and maintaining the conditions necessary for students to engage in an exceptional educational journey that is anchored in human values and transformative on the intellectual, social, and personal levels.

4.2.5.1 Library

Fig. 4.8 : Paramedical Library of Malwanchal University

Fig. 4.9 : Paramedical Library of Malwanchal University

4.2.6 Medi-Caps University, Indore (M.P.)

Fig. 4.10 : Medi-Caps University, Indore (M.P.)

One of the most recognizable names in technical education is Medi-Caps University, which is helping to establish Indore as a centre of learning. The group's constant goal since its founding in July 2000 has been to foster an environment that fosters the development of aspiring technocrats into actual professionals. The best resource at Medi-Caps University is its faculty. They are all really skilled. With the addition of highly qualified visiting academics, industry specialists, and senior professionals from various industry/business house categories, we have the ideal blend of academic quality and real-world experience. This has helped our graduating students' qualifications in the engineering and management disciplines to improve over the last 20 years.

4.2.6.1 Activities of Medi-Caps University

- Create cutting-edge infrastructure for world-class learning and research.
- Engage in creative and academic endeavours that improve quality of life.
- Bring in top-notch personnel and students to accommodate various requirements and preferences and increase engagement.
- Create a solid basis for students' success at all levels through superior, cutting-edge programmes.
- Work together with the institution, business, and society to align the curriculum and do research on contemporary concerns.
- Participate in initiatives that reach out to society to find problems and offer ethical, long-lasting solutions.
- Through the creation of an enabling atmosphere, promote continuous learning and team-based problem solving.

4.2.6.2 Network Facility in Campus

- The institute's computer department is equipped with cutting-edge technology for teaching a variety of computer science and information technology courses.
- The department constantly upgrades its labs with the latest cutting-edge equipment.
- Each computer lab has a Wi-Fi area and a 100 mbps leased line internet connection, giving every student plenty of access to online resources.
- Over 800 computers are located throughout the university.
- The university offers 100 Mbps Broadband connectivity for round-the-clock Internet access.

4.2.7 Oriental University, Indore (M.P.)

Fig. 4.11 : Oriental University, Indore

In 2011, the Devi ShakuntalaThakral Charitable Foundation founded Oriental University, Indore (OUI). Since 1995, The Oriental Group has been one of the most famous companies in the educational sector. It operates a number of prestigious colleges in Bhopal, Indore, and Jabalpur. With effect from May 2011, Oriental University, the first private university in Indore, has obtained university status under section 2f of the UGC, 1956 Act. Oriental University is dedicated to providing education of the highest calibre in a variety of fields, including agriculture, business, computer applications, education, engineering, law, library & information sciences, management, media studies, pharmacy, and science. The institution has a long list of honours to its name, including those for research, best practises, excellence in instruction, intellectual growth, etc.

The majestically situated campus, which spans 77 acres of land and is surrounded by lush greenery, is one of the most beautiful and quiet educational institutions. It is close to the Devi Ahilya International Airport on the Indore-Ujjain state route. One of India's most recognised architects, M/s Hafeez Contractors, deserves special recognition for their contribution to creating an all-encompassing university that exemplifies design brilliance. In addition to academic buildings, the institution includes one of the top facilities for boys' and girls' dormitories, faculty housing, a bank, and other services on campus.

4.2.7.1 Oriental Library

The dummy text of the printing and printing sectors. Lorem Ipsum has been the industry's de facto standard dummy text since the 1500s, when an anonymous printer scrambled a type galley to make a type specimen book. More than five centuries have passed since it began. Consider printing and printing with fictitious text.

The foundation of empowerment is to encourage someone. Greetings and thank you for your efforts as a well-known female businesswoman, Ms. Sakshi Agrawal. Mr. Mohan Yadav, the Minister of Higher Education for the Government of Madhya Pradesh, presented the gift of reward.

4.2.7.2 Library

- There are pleasant reading spaces there.
- Textbooks, encyclopaedias, and other literature are plentiful in the library.
- The goal is to give students access to text, digital, and printed resources and information services to help them with their studies.
- For the Institute's students and professors, the Library provides a variety of technical, scientific, and general publications as well as journals and newspapers.
- The Central Library has all the modern conveniences and resources one could want, such as books, electronic journals, CDs, online databases, theses, reports, and more.

4.2.8 Renaissance University, Indore

Fig. 4.12 : Renaissance University, Indore

Renaissance University has attempted to articulate its mission and philosophy to reveal the full potential of each participant and student who will be a part of this University. It was established in 2016. This logo can be used to gain a precise grasp of the University. The book serves as the foundation in Renaissance University's logo, signifying that knowledge, education, and awareness are the institution's foundational pillars. The background's darkness conveys the idea that, despite the world's many hardships, traumas, badnesses, and dirt, it may all be destroyed by the meagre light of the lamp of knowledge.

The Renaissance is invention, as its name suggests. We firmly believe in the scope of innovation and newness that exists today and are dedicated to providing it to our students, who will then do the same for our Great Nation. We become familiar with the nation-building idea. We are aware that neither a man nor a country can accomplish everything. Togetherness is necessary. At Renaissance University, we

want to develop individuals who see the world as one, who have excellent global exposure, who think broadly, and who think large. The ability to think creatively and outside the lines is crucial. Our philosophy is to develop well-educated, insightful, and genuine country builders.

4.2.8.1 Library

Every book is a complete life. Such lives are similarly managed by science. Every book requires a unique level of handling and preparation. This resulted in the creation of a new field called "library science," which teaches people how to care for books and organise their shelves. A book manager has a smooth career in a seamless world of books. You can take two distinct courses and take advantage of a wonderful opportunity to work with books through Renaissance University's School of Library Science.

The following courses are now available through Renaissance University's School of Library Science:

- Bachelor of Library and Information Science (BLIS)
- Masters in library and Information Science (MLIS)

4.2.8.2 Departments

- School of Management
- School of Law
- School of Fashion Technology and Design
- School of Performing Arts
- School of Nursing
- School of Science and Technology
- School of Journalism and Mass Communication
- School of Agriculture Science
- School of Social Science
- School of Yoga
- School of Library and Science

4.2.9 Sage University, Indore (M.P.)

Fig. 4.13 : Sage University, Indore

- Central India's top visionary university. Technology, creativity, and entrepreneurship come together at Sage University create an effective learning atmosphere. Sage University is a well-known organisation. Every intellectual who works for SAGE is encouraged to develop professionally. University also broadens students' knowledge while inspiring them to get ideas. We are experts at tightening students' roots and shaping the next generation. SAGE University was founded by an act of the State Government of Madhya Pradesh, operating under the authority granted by Sub-Section (1) of Section 28 of the Madhya Pradesh Niji Vishwavidyalaya (Sthapnaavam Sanchalan) Adhiniyam, 2007, as announced by Higher Education, State Government of M.P. in the Ordinary Gazette of M.P.

4.2.9.1 Library

Automation in libraries Library there is software. 20 computers with an e-library in partnership with the department of computer engineering. Membership in reputable organizations, societies, and digital libraries around the world. 40000 volumes will be on the shelves in the collection by the end of 2014. Locating fresh library materials for research, more top-notch audio-visual resources.

4.2.9.2 Library Facility for students

- D.D.C. (21Ed.) is used for classification in the library.
- It has a systems with open access.
- Lib Soft allows for the searching of books.
- Within the library's premises, students and staff have access to photocopying facilities.
- Students and staff have access to the internet. Type: Internet service provider using a radio frequency connection (M/s Khetan Cable Network) Broadband is 1 Mbps. stellate topology.
- Services for CD authoring and reference, as well as a collaboration with DELNET and SAGE.
- Library for IEEE ASPP+POP Electronics Obtain over the Internet.
- Online access to the ACM Digital Library and Springer.
- 150 to 250 visitors every day.

4.2.10 Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore (M.P.)**Fig. : 4.14 : Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore**

In 2015, the Madhya Pradesh Niji Vishwavidyalaya (SthapanaAvamSanchalan) Adhiniyam created the private university Shri Vaishnav Vidyapeeth Vishwavidyalaya in Indore, MP (India). The University was founded with the goal of becoming a leader in establishing a brighter future for humanity via top-notch instruction, training, and research. It will work to achieve its goal of creating socially conscious individuals who will contribute to the advancement of global societies. Being at the forefront of value-based education, the university will uphold perseverance, excellence, justice, honesty, and transparency as its guiding principles. Under the capable leadership of the Shri Vaishnav Sahayak Kapada Market Committee, Shri Vaishnav Shekshanik Avam Parmarthik Nyas was founded in 1981. Since then, Nyas has worked tirelessly

to improve technological and expert education, health facilities, schools, and services for the benefit of the entire society and nation. The some followed Trusts, Colleges, Schools, and Institutes of Professional Studies and Research Development are managed by the Shri Vaishnav SahayakKapada Market Committee, which also provides social services.

4.2.10.1 Library

When the university was established in 2015, the SVITS and SVSM libraries merged to form the Learning Resource Center, Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore. In the areas of agriculture, architecture, computer science, engineering, management, pure sciences, and related fields, the LRC offers a substantial library of books and research periodicals. To fulfill the expectations of the scholarly community, the LRC seeks to provide a well-formed collection of reading materials. With over 48000 volumes and more than 120 national and international research magazines, LRC is currently equipped to address the information demands of educators, researchers, and students. There are 250 spaces available in the LRC. The LRC provides access to around 11,000 e-journals and 20,000 e-books on the intranet. The university is subscribing to a large variety of electronic resources, including journals, databases, and institutional subscriptions, in order to keep up with technological advances in the management of information resources and to enable improved digital access to information.

4.2.11 Symbiosis University of Applied Sciences, Indore (M.P.)

Fig. 4.15 : Symbiosis University of Applied Sciences, Indore (M.P.)

In accordance with the terms of the Madhya Pradesh Niji Vishwavidyalaya Adhiniyam, 2007, Symbiosis University of Applied Sciences (SUAS) is a self-financed university that was created by Government of Madhya Pradesh Gazette (extraordinary) No. 2 of 2016 dated 13 June 2016.

Under the capable leadership of Dr. S. B. Mujumdar, President and Founder of Symbiosis, and Dr. Swati Mujumdar, Vice President of Symbiosis Foundation, the Symbiosis University of Applied Sciences has been established in Indore to help concretize the Hon'ble Prime Minister's "Make in India" mission and to give our youth opportunities for skill development along with vertical mobility leading to gainful employment.

Symbiosis, Indore offers both short-term skill-based courses and degree programmes in the high-growth sectors of CSIT, Mechatronics, Retail, BFSI, MBA in BFSI, and Marketing. Symbiosis University of Applied Sciences, Indore was established via active collaboration between eminent academic institutions and industries from the USA and Germany. With an expenditure of over Rs 200 crores, Symbiosis constructed a state-of-the-art facility across 25 acres. This university is well-known for its academic buildings, hostels for both boys and girls, the School of Interdisciplinary Sciences, the Center of Excellence, and specialized training labs and workshops. Germany is the source of specialized skill training equipment that Symbiosis, Indore has bought to give its students actual, hands-on instruction.

4.2.11.1 Library

The library is a crucial academic resource. Over the years, the SIIB Library has accumulated an impressive collection of over 17,000 books that are relevant to every subject taught at the institute. The library has evolved into a one-stop shop for all reference materials as well as management books thanks to its membership to more than 100 renowned periodicals (Journals/Magazines). All of the administrative tasks at the SIIB Library are managed by KOHA Library software, which is used for all computerised processes at the library. Through the SIU Library site, library members have access to more than 40,000 E-Journals, more than 7 E-Databases, and more than 100,000 E-Books. The library is a member of several renowned organisations, including MCCIA, AIMS, IGCC, and IACC.

4.2.12 Avintika University, Ujjain**Fig. 4.16 : Avintika University, Ujjain**

The university was established in 2017. Design-Centric at Avantika, learning begins by getting students to take on difficulties. Through analysis, contemplation, ideation, synthesis, prototyping, and impact testing, the students will address these problems. These obstacles evolve in terms of their size, complexity, and degree of uncertainty as the academic programme advances. These tasks require learners to exert time, effort, and energy. This strategy encourages them to ponder, work together, and engage in order to ask questions and seek out answers. In this attempt, the faculty members serve as collaborators and facilitators. At Avantika, education is just-in-time, not just-in-case.

4.3 Conclusion

The chapter offers details on a few particular universities as well as information about Madhya Pradesh's libraries. It offers details on the founding of universities and their branches, new courses offered by universities, libraries and their sources and services, library collections, and staff information. The method of automating libraries, the procedures required, and the benefits of automating libraries are also covered in this chapter. Additionally, it provides details on the automation process for university libraries and the stages that must be followed.
